Farm 7233

Tract 1757

United States Department of Agriculture (USDA) Farm Service Agency (FSA) maps are for FSA Program administration only. This map does not represent a legal survey or reflect actual ownership; rather it depicts the information provided directly from the producer and/or National Agricultural Imagery Program (NAIP) imagery. The producer accepts the data 'as is' and assumes all risks associated with its use. USDA-FSA assumes no responsibility for actual or consequential damage incurred as a result of any user's reliance on this data outside FSA Programs. Wetland identifiers do not represent the size, shape, or specific determination of the area. Refer to your original determination (CPA-026 and attached maps) for exact boundaries and determinations or contact USDA Natural Resources Conservation Service (NRCS).

USDA is an equal opportunity provider, employer, and lender.

HIGHLY ERODIBLE LAND CONSERVATION (HELC), AND WETLAND CONSERVATION (WC) CERTIFICATION

1. Name of Producer <i>Herman & Margaret Kammerer</i>	2. Identification Number	3. Crop Year <i>1993</i>
4. Do the attached AD-1026A(s) list all your farming interests by county, and show current SCS determinations? If "No", contact your County ASCS Office before completing this form.	YES ☒	NO ☐
5. Are you now applying for, or do you have a FmHA insured or guaranteed loan?	☐	☒
6. Do you have a crop insurance contract issued or reinsured by the Federal Crop Insurance Corporation?	☐	☒
7. Are you a landlord on any farm listed on AD-1026A that will not be in compliance with HELC and WC provisions?	☐	☒
8. Has a HELC exemption been approved on any farms listed on AD-1026A because the landlord refuses to comply?	☐	☒
9. List here or attach a list of affiliated persons with farming interests. See reverse for an explanation. Enter "None", if applicable.		

If items 7 or 8 are answered "YES", circle the applicable farm number on AD-1026A.

During either the crop year entered in item 3 above, or the term of a requested USDA loan:

10. Will you plant or produce an agricultural commodity on land for which a highly erodible land determination has not been made?	YES ☐	NO ☒
11. Will you plant or produce an agricultural commodity on any land that is or was a wet area on which planting was made possible by draining, dredging, filling, or leveling or any other means after December 23, 1985?	☐	☒
12. Will you, or have you since November 28, 1990, made possible the planting of any crop, pasture, agricultural commodity, or other such crop by: (a) converting any wet areas by draining, dredging, filling, leveling, or any other means, or, (b) improving, modifying, or maintaining, an existing drainage system?	☒	☐
13. Will you convert any wet areas for fish production, trees, vineyards, shrubs, building construction, or other non-agricultural use?	☐	☒

If answers to items
10, 11, 12, or 13 are:

"YES" for any one of these items, sign and date in item 14 below. Circle the applicable tract number on AD-1026A, or list tract number in item 12 on AD-1026A. ASCS will refer this AD-1026 to SCS for a determination. DO NOT sign in item 16 until SCS determination is complete.

"NO" for all of these items or SCS determinations are complete, complete item 16.

14. Signature of Producer	I hereby certify that the above information, and the information on attached AD-1026A's, is true and correct to the best of my knowledge and belief.	
<i>Herman & Margaret Kammerer</i>	Date	<i>3-31-93</i>
15. Referral To SCS (Completed by ASCS)	Enter a ☒ if a SCS determination is needed because "Yes" is answered in item 10, 11, 12, or 13.	Date Referred <i>3/31/93</i> Signature of ASCS Representative <i>[Signature]</i>

NOTE: Before signing in item 16, Read AD-1026 Appendix.

16. Signature of Producer	I hereby certify that the above information, and the information on attached AD-1026A's, is true and correct to the best of my knowledge and belief. It is my responsibility to file a new AD-1026 in the event there are any changes in my farming operation(s). In signing this form, I also certify that I have received and will comply with the compliance requirements on AD-1026 Appendix.
<i>[Signature]</i>	Date <i>3-31-93</i>
17. Remarks: <i>OK to file on both tracts - no wetlands present 3-31-93 SCS</i>

**HIGHLY ERODIBLE LAND AND WETLAND
CONSERVATION DETERMINATION**Margaret Kammeyer
R.R. 2
Fredericksburg, IA 50630

Chickasaw

4. Name of USDA Agency or Person Requesting Determination

5. Farm No. and Tract No.

1095

+ 1757

SECTION 1 - HIGHLY ERODIBLE LAND

6. Is soil survey now available for making a highly erodible land determination?	Yes	No	Field No.(s)	Total Acres
7. Are there highly erodible soil map units on this farm?				
8. List highly erodible fields that, according to ASCS records, were used to produce an agricultural commodity in any crop year during 1981-1985.				
9. List highly erodible fields that have been or will be converted for the production of agricultural commodities and, according to ASCS records, were not used for this purpose in any crop year during 1981-1985; and were not enrolled in a USDA set-aside or diversion program.				

10. This Highly Erodible Land determination was completed in the : Office ☐ Field ☐

NOTE: If you have highly erodible cropland fields, you may need to have a conservation plan developed for these fields. For further information, contact the local office of the Soil Conservation Service.

SECTION II - WETLAND

11. Are there hydric soils on this farm?	Yes	No	Field No.(s)	Total Wetland Acres
	X			
List field number and acres, where appropriate, for the following:				
12. Wetlands (W), including abandoned wetlands, or Farmed Wetlands (FW). Wetlands may be farmed under natural conditions. Farmed Wetlands may be farmed and maintained in the same manner as they were prior to December 23, 1985, as long as they are not abandoned.			unnumbered field	6.8 ac.
13. Prior Converted Wetlands (PC) - The use, management, drainage, and alteration of prior converted wetlands (PC) are not subject to FSA unless the area reverts to wetland as a result of abandonment. You should inform SCS of any area to be used to produce an agricultural commodity that has not been cropped, managed, or maintained for 5 years or more.				
14. Artificial Wetlands (AW) - Artificial Wetlands includes irrigation induced wetlands. These Wetlands are not subject to FSA.				
15. Minimal Effect Wetlands (MW) - These wetlands are to be farmed according to the minimal effect agreement signed at the time the minimal effect determination was made.				

16. Converted Wetlands (CW) - In any year that an agricultural commodity is planted on these Converted Wetlands, you will be ineligible for USDA benefits. If you believe that the conversion was commenced before December 23, 1985, or that the conversion was caused by a third party, contact the ASCS office to request a commenced or third party determination.				
--	--	--	--	--

17. The planned alteration measures on wetlands in fields _____ are considered maintenance and are in compliance with FSA.

18. The planned alteration measures on wetlands in fields _____ are not considered to be maintenance and if installed will cause the area to become a Converted Wetland (CW). See item 16 for information on CW.

19. This wetland determination was completed in the : Office ☒ Field ☐20. This determination was: Delivered ☐ Mailed ☒ To the Person on Date: 3-19-91

NOTE: If you do not agree with this determination, you may request a reconsideration from the person that signed this form in Block 22 below. The reconsideration is a prerequisite for any further appeal. The request for the reconsideration must be in writing and must state your reasons for the request. The request must be mailed or delivered within 15 days after this determination is mailed to or otherwise made available to you. Please see reverse side of the producer's copy of this form for more information on appeals procedure.

NOTE: If you intend to convert additional land to cropland or alter any wetlands, you must initiate another Form AD-1026 at the local office of ASCS. Abandonment is where land has not been cropped, managed, or maintained for 5 years or more. You should inform SCS if you plan to produce an agricultural commodity on abandoned wetlands.

ATTENTION: WETLAND DETERMINATION

OWNER: Margaret Kammeier ASCS TRACT/S # E1757
DATE 3-19-91

Dear Owner:

This letter and the material attached to it contain very important information for you concerning the 1985 Food Security Act (FSA).

Based on information from a wetland inventory team and material you provided, determinations have now been completed. These areas are identified on the attached aerial photo, and the symbols are explained on the enclosed definition page.

If you do not agree with this determination, you can request that I reconsider my findings. You can do this by providing me a letter asking for reconsideration and supplying me information on any previous altering activity in the area. This needs to be done within 45 days of receiving this letter.

This determination covers only Food Security Act eligibility. Other federal regulations and/or permits governing use of wetlands may be required, including the need for Section 404 permits from the Corps of Engineers.

This notification is for wetlands only, as a Highly Erodible Land determination was sent previously.

Sincerely,

Scott Switzer
District Conservationist

b. Is an approved conservation system being used on these fields? If "no," list the tract and fields (from the ASCS records) on which a system is not being used.							
10. Are there other fields or unnumbered areas that (1) have highly erodible map units, (2) were not used to produce an agricultural commodity in any crop year after 1980, and (3) were not enrolled in a USDA set-aside or diversion program in any crop year during 1981-1985?		✓					
11. CERTIFICATION: The _____ (no.) conservation plan(s) was (were) approved by the _____ Conservation District on _____, 19____, and conform with technical requirements of the SCS field office technical guide. Conservation systems included in the conservation plan(s) applied _____ (no.).							

SECTION II - WETLAND

	YES	NO	TRACT NO.	FIELD NO.(S)			TOTAL ACRES
12. Are hydric soils on this farm? If "yes," list tract and fields (from the ASCS records) or unnumbered areas (un) in which they occur.	✓		1757	1	2	un	
13. Do fields that were or will be used to produce an agricultural commodity contain wetland? If "yes," list tract and fields, outline the wetland areas within fields on the ASCS photograph(s), and mark with "w" for wetland; "aw" for artificial and irrigation induced wetland; "mw" for wetland on which the conversion would result in minimal effect.							
14. Are there converted wetlands on this farm that have been converted since December 23, 1985? If "yes," list the tract and fields, outline converted wetlands on the ASCS photograph(s), and mark with "cw".							
15. The wetland determination was done in the office ☐ field ☐ .							
16. This determination was hand delivered ☐ mailed ☒ to the producer on 5-19-88 (DATE)							

Any producer who does not agree with this determination may request reconsideration from the person making this determination. This request is a prerequisite for any further appeal. The request must be in writing and must set forth reasons for the request. The request must be mailed or delivered within 15 days after written notice of the determination is mailed to or otherwise made available to the producer.

Dear *Mrs. Kammeyer*

As a result of your application for program benefits from a USDA agency, our Soil Conservation Service (SCS) staff has completed a soils inventory and evaluation of your farm(s) located in Chickasaw County. According to the provisions of the 1985 Food Security Act, no highly erodible fields were found on tract number(s) 71757, 71756.

All fields marked with **NHEL** do not require a conservation plan to stay eligible for USDA programs. **NHEL** means Not Highly Erodible Land. These fields may be erodible, but they are not Highly Erodible Land.

Enclosed is Form SCS-CPA-026, which verifies that a determination has been made. This copy is for your records.

I've enclosed a brochure that explains this law. As you had no highly erodible fields on this property, your eligibility for USDA programs is not affected. However, these fields do not necessarily meet the Chickasaw Soil and Water Conservation District's soil loss limits. We encourage you to practice soil conservation on your land to assure prevention of soil erosion.

You could be affected by the Food Security Act if you bring new highly erodible land into production (sodbuster), or if you drain or otherwise convert wetlands to produce agricultural commodities (swampbuster). These provisions apply to all producers receiving USDA program benefits.

If the attached SCS-CPA-026 form indicates that you have hydric soil on your farm, you may also have wetlands. If you would like for SCS to make wetland determinations on your farm, please request this in writing, identifying farm, tract, and field number where you would like these determinations made. A wetland determination will be required if the landuser physically changes the wetland by installing, maintaining, or altering the drainage of a wet area.

For more information, call us at (515) 394-2513.

Sincerely,

Jim Jordahl
District Conservationist
Soil Conservation Service

HIGHLY ERODIBLE LAND AND WETLAND CONSERVATION CERTIFICATION

NOTE

The following statements are made in accordance with the Privacy Act of 1974 (5 USC 552a). The authority for requesting the information to be supplied on this form is the Food Security Act of 1985, P.L. 99-198, and regulations promulgated under the Act (7 CFR Part 12). The information will be used to determine eligibility for program benefits and other financial assistance administered by USDA agencies. The information may be furnished to other USDA agencies, IRS, Department of Justice, or other State and Federal law enforcement agencies, and in response to orders of a court magistrate or administrative tribunal. Furnishing the Social Security Number is voluntary. Furnishing the other requested information is voluntary; however, failure to furnish the correct, complete information will result in a determination of ineligibility for certain program benefits and other financial assistance administered by USDA agencies. The provisions of criminal and civil fraud statutes, including 18 USC 286, 287, 371, 641, 1001; 15 USC 714m; and 31 USC 3729, may be applicable to information provided by the producer on this form.

PART A - PRODUCER'S INTENTIONS FOR USE OF LAND

1. NAME AND ADDRESS OF PRODUCER	2. SOCIAL SECURITY NUMBER (or tax ID number)	3. CROP YEAR
KEITH WARNE ROUTE 2 FREDERICKSBURG, IOWA 50630	# 1535	1987
	FARM NUMBER(S)	COUNTY(IES) WHERE LOCATED
	E 504 - 1095	

- | | Yes | No |
|--|-----|----|
| 6. During either the crop year entered in item 3 above, or the term of a requested USDA loan, will an agricultural commodity be produced on fields of the farm(s) that were not used for the production of any agricultural commodity (see instructions) or not enrolled in a USDA set-aside or diversion program during any crop year 1981 through 1985? If "yes," list the farm and field numbers. | | ✓ |
| 7. Will an agricultural commodity be produced on any land on the farm(s) listed above that was a wet area but was improved, drained, or modified, or converted after December 23, 1985? If "yes," list the farm and field numbers. | | ✓ |
| 8. Do you plan to convert any land including wet areas for the production of an agricultural commodity this year or during the term of a requested USDA loan or other program benefit? If "yes," list the farm and field numbers. | | ✓ |

I hereby certify that the above information is true and correct to the best of my knowledge and belief.

PART B - REFERRAL TO SCS

CHECK

10. Based on county office information, a SCS determination is:

- Needed prior to the producer's certification in Part C.
- Needed before January 1, 1990.

NOTE: If the producer answers "No" to Part A, items 6, 7, and 8, and the agency so agrees, the producer may complete the certification in Part C without a SCS determination. However, beginning January 1, 1990, or 2 years after a soil survey is completed, the producer must be actively applying an approved conservation plan on all highly erodible fields. Therefore, a SCS determination regarding the existence of any highly erodible fields on the farm(s) listed above is necessary before January 1, 1990.

11. DATE REFERRED TO SCS FOR DETERMINATION	12. SIGNATURE OF AGENCY REPRESENTATIVE	DATE
	<i>Richard M. [Signature]</i>	1-15-88

PART C - USE CERTIFICATION (Completed by producer)

13. As a condition of eligibility for any USDA loans or other program benefits, I hereby certify that:

- I will not produce an agricultural commodity on highly erodible fields (except fields that, in any crop year between 1981 and 1985, were used to produce any agricultural commodity or were enrolled in a USDA set-aside or diversion program); and I will not use the proceeds of any FmHA loan, insured or guaranteed, received after December 23, 1985, for a purpose that will contribute to production of an agricultural commodity on these highly erodible fields, as determined by SCS, unless an approved conservation system has been fully applied.
- I will not produce an agricultural commodity on converted wetlands or use proceeds from any FmHA farm loan, insured or guaranteed, received after December 23, 1985, for a purpose that will contribute to the conversion of a wetland to produce an agricultural commodity, as determined by SCS.
- I will not convert wetlands or bring new lands into production for the purpose of producing an agricultural commodity without first consulting all USDA agencies with which (1) I have a current contract or loan agreement, insured or guaranteed, or (2) I have a crop insurance contract issued by or reinsured by the Federal Crop Insurance Corporation.
- USDA representatives may enter upon my land for the purpose of confirming any of the above statements.
