Property Description: It's always a good idea to buy higher quality land. This land is high-producing, mostly flat ground. There is a good possibility that the land could be irrigated. The water table is only at about 200 to 300 feet deep, so irrigation test wells would not be as expensive as with the deeper wells. This land is located in one block. It is in a good location, close to LaCreek Wildlife Refuge. There is a CRP contract on 40.32 acres and it is possible to cancel the CRP contract. **Please contact the listing Broker, Steve Satterlee (605) 641-6882 for more information and for showings.**
