Property Information

Property Description: Discover an exceptional opportunity with this versatile farm property offering high visibility, U.S. Highway 34 frontage, and outstanding future development potential. Ideally positioned along a major transportation corridor, this farm combines productive agricultural ground with a strategic location that makes it well suited for a wide range of commercial, residential, or mixed use possibilities.

The land features excellent access, level topography, and strong sightlines from the highway—ideal characteristics for future growth. Whether you’re looking to expand your farming operation, secure a long-term investment, or pursue development projects, this property provides the flexibility and position to support your goals.

With ample road frontage, utility access in the area, and proximity to Grand Island, this farm stands out as a rare offering where agricultural value and development promise meet. Properties with this combination of attributes are increasingly hard to find. Perfect for investors, developers, or operators seeking a strategic location with both present day productivity and strong long term upside.

Farm is currently irrigated by a Valley pivot irrigation system that is the property of the tenant and does not convey with the property. Farm has an irrigation well located on the west border with an 8 inch Western Land Roller pump. Well registration # is G-009271. Well was drilled in 2017 and was rated at 1,200 gallons per minute at the time of installation. Well is powered by a propane irrigation engine that is the property of the tenant and does not convey with the property.

Directions to Property: From the intersection of U.S. Highway 34 and South Locust Street, 1/4 mile east on the south side of the highway.
